GARDEN and FLORAL GUIDE

Fall
1950

THE PARROT TULIP,
ORANGE FAVORITE

Hart and Vick, Inc.
Rochester, N.Y.

HYACINTH BULBS FROM HOLLAND

Most dependable source of color and fragrance in the garden, and indoors where they are easily forced into bloom during the winter. No other bulb is more easily grown. Plant out-of-doors in clumps of three, six or twelve. Set 8 inches apart and cover with 4 inches of soil. Don't mix fertilizer with the soil. Spread it on top after you have the bulbs covered.

It is very interesting to grow Hyacinths in glasses in the house during the winter. Let us tell you how an expert does it. Send for the circular: "How to Grow Exhibition Hyacinth Blooms in Glasses."

Here are the six varieties of Hyacinths we import from Holland. They are considered the best of their color.

CITY OF HAARLEM. Large spike of clear yellow bells.

KING OF THE BLUES. Spicy fragrance; dark blue-purple richness.

LA VICTOIRE. Glistening deep carmine-red. Easily grown indoors.

These Hyacinth bulbs come to us in two sizes. The largest, called by our growers in Holland "Exhibition Size," 19 centimeters or more in circumference, are the best for forcing indoors, also for show gardens when particularly large blooms are wanted for display. Our most popular size, 16 to 17 centimeters is offered in the same varieties shown above. Hyacinths are easily grown indoors during the winter.

PRICE OF EXHIBITION SIZE BULBS—19 Centimeters and Over
35c each; \$1.00 for 3; \$3.75 for 12; \$7.50 for 25; \$27.50 for 100.

PRICE OF MEDIUM SIZE BULBS—16-17 Centimeters
25c each; 65c for 3; \$2.45 for 12; \$4.65 for 25; \$17.50 for 100.

BOTANICAL TULIPS

Nice in rock gardens and low borders. They are a most interesting class of Tulips. Plant the bulbs 8 inches deep and do not fertilize. Put them in a well drained soil and in a warm location. Let them stay where they are, do not move them. They will flower for many years. Perfectly at home on steep, gravelly slopes. Always plant them in clumps of 3 to 9 bulbs.

CLUSIANA. The "Lady" Tulip. Outer petals cherry-red, inner petals white. Flowers about 1½ inches in diameter on 8-inch stems.

\$1.00 for 12; \$1.95 for 25; \$7.45 for 100

FOSTERIANA, RED EMPEROR (Madame Lefèvre). Giant scarlet-red flower, probably the largest red Tulip in existence today. Most unusual. Blooms very early in the spring when one appreciates a spot of color in the garden. Grows 18 inches tall.

\$1.70 for 12; \$3.15 for 25; \$11.75 for 100

KAUFMANNIANA, GAIETY. The inside of the flower is pure white, outside is flushed with red. Grows 6 inches high; blooms very early.

\$1.30 for 12; \$2.50 for 25; \$9.45 for 100

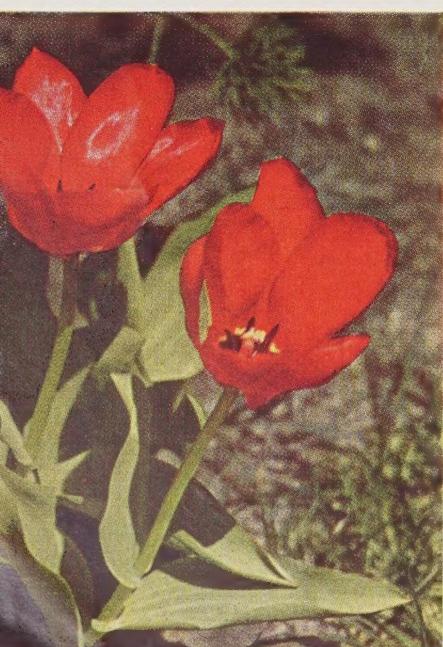

SYLVESTRIS (Florentina Odorata). A sweet-scented wild English Tulip that is very fine for naturalizing. Blooms very freely. Golden yellow on rather strong, wiry stems about 12 inches tall.

\$1.00 for 12; \$1.95 for 25; \$7.45 for 100

TURKESTANICA. Many small, dainty white flowers on a single stem. 10 inches tall.

90c for 12; \$1.75 for 25; \$6.75 for 100

Early Flowering Tulips

FROM
HOLLAND

We are among the largest importers of bulbs for retail re-sale purposes in the country, and have never imported anything but the very best bulbs that can be purchased. These bulbs are of the finest quality that come out of Holland, grown for us by men who have proven themselves for over a quarter of a century to be among the best growers in Holland. Early Single and Early Double Flowering Tulips are very easily forced into bloom during the winter.

EARLY SINGLE FLOWERING TULIPS

These are the short, sturdy-stemmed, early flowering Tulips that are used in beds and borders where Tulips are to be followed with summer flowers. They are also used for cemetery plantings and for growing in places exposed to strong winds.

COULEUR CARDINAL. Fine rich deep cardinal-red, long lasting qualities. We recommend it very highly. 14-inch stems.
**\$1.45 for 12;
\$2.70 for 25; \$10.25 for 100**

DE WET. Very fragrant. Beautiful deep orange, shaded golden yellow at the base of the petals and stippled bright orange-scarlet. Splendid to force indoors. Height 20 in.
\$1.30 for 12; \$2.45 for 25; \$9.50 for 100

DIANA. Immense pure white flowers on strong, 14-inch stems.
\$1.30 for 12; \$2.45 for 25; \$9.50 for 100

KEIZERSKROON. Brilliant carmine-scarlet with a broad yellow border. Very popular for forcing indoors or growing in the garden. Height 18 inches.
\$1.45 for 12; \$2.70 for 25; \$10.25 for 100

OLYMPIADE. Very fine golden yellow, size of bloom and length of stem approaching Darwins. Ivory tinted stamens. 20 inches.
\$1.30 for 12; \$2.45 for 25; \$9.50 for 100

PINK BEAUTY. Bright glowing rose, with a broad white flush through the center of the flower's outer petals. Very large, of shapely form and one of the most beautiful of all garden Tulips. Grows 14 inches high.
\$1.75 for 12; \$3.35 for 25; \$12.25 for 100

PRINCE CARNAVAL. Fragrant large cup-shaped blooms of bright butter-yellow overlaid with sharply defined red blotches. Height 16 inches.
\$1.55 for 12; \$2.95 for 25; \$10.85 for 100

VAN DER NEER. Bright plum color; beautiful cups borne on strong, 12-inch stems. Forces indoors easily and is a splendid garden variety.
\$1.60 for 12; \$3.00 for 25; \$11.25 for 100

ALL COLORS MIXED. Well balanced mixture of all the above colors. We assemble this mixture from the better named kinds, right here in our warehouse.
\$1.25 for 12; \$2.45 for 25; \$9.25 for 100

DISTINGUISHED BREEDER TULIPS

Tints of Purple, Bronze, Brown and Old Rose

Nature's happiest color combinations of purple and bronze, gray and lilac, yellow and bronze, brown and orange. Grow as tall as Darwins, flowers as large, and the fine colors produce a most artistic effect.

ALICE KEITH. Considered the best of the newer tawny orange Tulips. Inside warm bronzy orange which also tints the outer edge of the petals as the flower matures. Pleasing fragrance. 26 inches. Forces easily. Pictured in color on page 7.
\$1.25 for 12; \$2.45 for 25; \$9.25 for 100

BACCHUS. Dark violet-blue, darker bloom on the outside of the petals; inside violet with a white base. Large, egg-shaped flower. Height 32 inches. Plant this near Darwin Tulip Niphets.
\$1.35 for 12; \$2.55 for 25; \$9.75 for 100

CHERBOURG. Old gold shaded light bronze. Large egg-shaped Tulip on a tall strong stem, a favorite of many gardeners. Grows 32 inches high.
\$1.50 for 12; \$2.85 for 25; \$10.75 for 100

CHINESE BANDIT. Immense oval-shaped flower of Chinese red touched with warm bronzy orange. The inside of the flower is of bright orange-red with a yellow base. One of the largest of all Tulips. Tall stem, 25 inches. Lasts very well. In color on page 5.
\$1.65 for 12; \$3.00 for 25; \$11.45 for 100

DILLENBURG. Lovely rich orange-red with a border of bronzy yellow. An egg-shaped flower of very large size on a 28-inch stem.
\$1.15 for 12; \$2.15 for 25; \$8.25 for 100

DRAGON'S BLOOD. A new variety with large globe-shaped flowers of the deepest, richest scarlet-red on 30-inch stems. Splendid for exhibition and garden display.
\$1.50 for 12; \$2.85 for 25; \$10.75 for 100

GARDEN MAGIC. The clearest and largest of the tan colored Tulips. A goblet-shaped flower on a strong, 30-inch stem.
\$1.50 for 12; \$2.85 for 25; \$10.75 for 100

J. J. BOUMAN. One of the newer tints and most satisfactory. The large, oval-shaped flowers of terra cotta and orange have unusual substance and remain in good condition in the garden longer than most other kinds. Grows 28 inches tall.
\$1.25 for 12; \$2.45 for 25; \$9.25 for 100

INDIAN CHIEF. A very large bright reddish mahogany flushed coppery brown, edged warm brown as flower ages. A huge one which we recommend for exhibition. Grows 32 inches high.
\$1.25 for 12; \$2.45 for 25; \$9.25 for 100

LOUIS XIV. Wonderous blending of dark royal purple with gold margins flushed golden brown; blue base and yellow star, shaded bronze. Delightfully sweet scented. Grows 32 inches high.
\$1.25 for 12; \$2.45 for 25; \$9.25 for 100

MIXED COLORS. A splendid mixture containing equal parts of all of the above varieties.
\$1.15 for 12; \$2.20 for 25; \$8.45 for 100

EARLY DOUBLE FLOWERING TULIPS

Double Tulips are used for round or square beds, for bordering walks and drives. Their short, sturdy stems also make them ideal for planting on graves. They remain in bloom for a longer period than any other class of Tulips. Splendid for growing indoors.

GOYA. Large flower of delicate rich orange. Petals are pointed. Grows 12 inches high.
\$1.85 for 12; \$3.40 for 25; \$12.45 for 100

MARECHAL NEIL. One of the most satisfactory of the double early blooming varieties. Silky soft yellow, tinted salmon. Grows 12 inches tall.
\$1.45 for 12; \$2.70 for 25; \$10.25 for 100

MR. VAN DER HOEF. Deep yellow, very double flower with no markings. Probably the very best clear yellow double. Grows 12 inches tall.
\$1.45 for 12; \$2.70 for 25; \$10.25 for 100

SCHOONOORD. Pure white flowers on 12-inch stems. We think this the best early double flowering white.
\$1.45 for 12; \$2.70 for 25; \$10.25 for 100

PEACH BLOSSOM. Very double soft rosy pink flowers on strong, 14-inch stems. One of the very best to force indoors during the winter.
\$1.45 for 12; \$2.70 for 25; \$10.25 for 100

SCARLET CARDINAL. This is the finest scarlet we have ever grown. A great Tulip to remain in bloom for a very long time. Grows 10 inches tall.
\$1.65 for 12; \$3.00 for 25; \$11.50 for 100

DOUBLE FLOWERING MIXED COLORS. A good mixture of the above six varieties. Made right here in our warehouses.
\$1.35 for 12; \$2.55 for 25; \$9.75 for 100

Here is the Way We Plant Tulip Bulbs

Bone meal is spread on the ground where the bulbs are to be planted, using 10 pounds to each 100 square feet (10 x 10). The earth is then spaded to a depth of 12 inches, firmed down and raked smooth. The bulbs are then placed on top of the ground, about 6 inches apart, at the spot where they are to be planted. Better effects are obtained where at least 6 bulbs of a variety are planted together. A trowel digs out a hole 6 inches deep in which the bulb is set and the hole filled in with earth. Spring-flowering bulbs make their roots right after they are set out in the fall. Large blooms come from bulbs that have large root crowns, and large roots come from proper feeding. Spread a good fertilizer on the surface of the ground after the bulbs have been set, using 5 pounds to each 100 square feet. It is not at all necessary to take Tulip bulbs out of the ground each year. Plant them 8 inches deep and never move them.

DARWIN TULIPS

TWENTY SPLENDID KINDS

We Prepay Delivery Charges On All Bulbs

Darwin Tulips generally come in very bright solid colors: reds, pinks, violets, etc. The flowers are very large and of splendid form and substance; stems long and sturdy. They bloom after the Cottage Tulips and at the same time as the Breeders. Most popular Tulips.

BARTIGON MAXIMUS. The most popular of the better known crimson Tulips. A very showy flower on strong stem, fiery crimson with pure white base, ringed deep blue. Height 28 inches. A splendid forcing and outdoor Tulip.
\$1.00 for 12; \$1.95 for 25; \$7.75 for 100

CHARLES NEEDHAM. Brilliant scarlet globe-shaped flowers of splendid substance. Plant this with Glacier for contrasting color effect. 28 inches. In color on page 5.
\$1.45 for 12; \$2.70 for 25; \$10.25 for 100

CHARMING BEAUTY. Shown in color on page 5. Lovely carmine-red shading rose towards the edges of the petals. Blue base, black anthers. Strong, 26-inch stems.
\$1.45 for 12; \$2.80 for 25; \$10.45 for 100

CLARA BUTT. Beautiful soft salmon-pink Tulip that should be planted in quantity in every garden. Combine this with Niphethos or with Insurpassable. Not a large flower, but a very lovely one. 22 inches.
\$1.35 for 12; \$2.50 for 25; \$9.75 for 100

ECLIPSE. Large, rich crimson-red flowers with waxlike, long-lasting petals. Tall, strong, 29-inch stem.
\$1.45 for 12; \$2.70 for 25; \$10.25 for 100

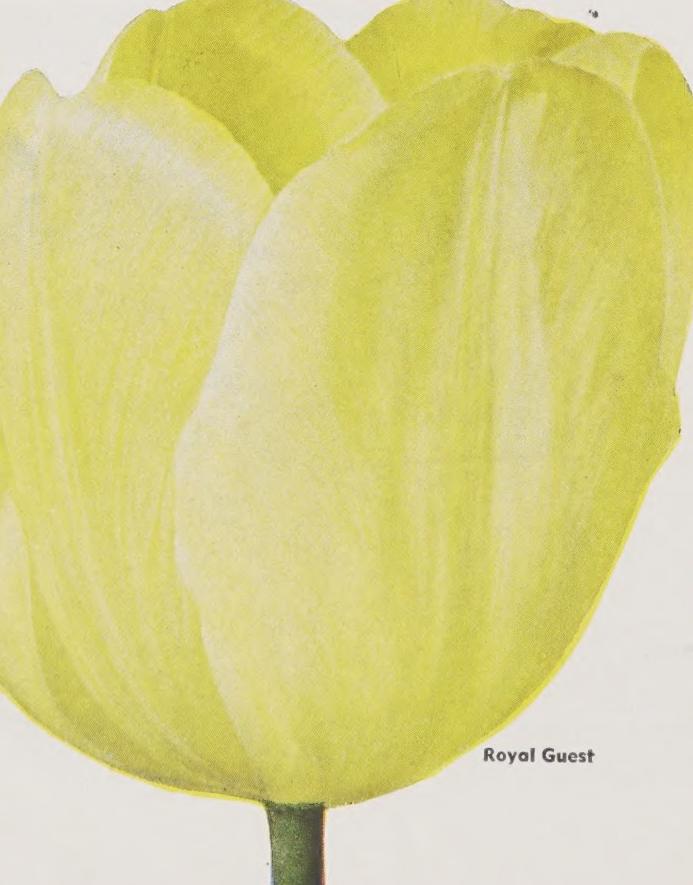

GARDEN CINDERELLA. New and very brilliant. The outside of the petals is cerise-red, inside rosy red; petals edged with rose. A splendid Tulip that you will want to order again. Grows 27 inches high.
\$1.65 for 12; \$3.00 for 25; \$11.45 for 100

GIANT. Immense rounded flower of heavy texture, the color of burgundy wine, with violet shading and a white base. Height 30 inches. An outdoor variety.
\$1.45 for 12; \$2.80 for 25; \$10.45 for 100

GLACIER. A giant among white Tulips, white base and white anthers. Oval-shaped flower of great substance and does not open as wide as other Tulips do. Will last three weeks in the garden and a very long time when cut. May be grown in pots for winter house bloom. 30 inches tall. In color on page 5.
\$1.75 for 12; \$3.25 for 25; \$11.75 for 100

INSURPASSABLE. Unusually large orchid-lavender flower with white center and purple pollen. Stems very heavy and 30 inches tall. A splendid Tulip both in the garden and for growing in pots in the house. In color on page 7.
\$1.45 for 12; \$2.80 for 25; \$10.85 for 100

MAVOURNEEN. Violet edged with silver. A very large flower with heavy waxlike petals carried on a strong 31-inch stem. One of the newer varieties. In color on page 5.
\$1.45 for 12; \$2.80 for 25; \$10.45 for 100

NIPHETHOS. One of the finest of the yellow Tulips. A very long-petaled flower; cream-white outside, soft yellow inside with ivory-white stamens. Height 28 inches. Planted in combination with Bacchus the effect is very, very pleasing. In color on page 7.
\$1.25 for 12; \$2.35 for 25; \$8.75 for 100

NOTRE DAME. American-Beauty-red with a violet undertone. Inside of flower claret-red with a blue sheen, brilliant blue base. The pointed flower petals curving slightly outward form a most beautiful and graceful flower. 27 inches tall.
\$1.55 for 12; \$2.90 for 25; \$11.00 for 100

PRIDE OF ZWANENBURG. Lovely bright pink flowers suffused with rosy red and flushed with salmon. Has a black base and white anthers. An outstanding garden variety growing 30 inches. Our gardening friends will welcome it as a splendid addition to the Tulip collections. 26 inches high. In color on page 7.
\$1.75 for 12; \$3.25 for 25; \$11.75 for 100

QUEEN OF THE NIGHT. Purple-black flowers of good size carried on 26-inch stems. We like this the best of all the nearly black Tulips. Splendid when grown with Niphethos or with Glacier.
\$1.25 for 12; \$2.35 for 25; \$8.75 for 100

ROYAL GUEST. A glorious creamy white long-petaled flower with yellow anthers. This oval flower lasts remarkably well both in the garden and when cut. 29 inches.
\$1.60 for 12; \$3.00 for 25; \$11.25 for 100

SCARLET LEADER. Bright scarlet shaded blood-red; base bronze edged white. Large, globe-shaped flower of good substance. Strong, straight, 30-inch stem.
\$1.45 for 12; \$2.80 for 25; \$10.45 for 100

SUNKIST. Large, oval-shaped flowers of bright yellow with creamy yellow anthers, borne on tall, strong stems. Lasts a long time and is one of the outstanding Tulips for the garden. Height 29 in. In color on page 5.
\$1.35 for 12; \$2.50 for 25; \$9.75 for 100

SUNSET GLOW. Deep rose-shaded orange outside. Inside of flower bright, rich salmon with a yellow base. One of the new and most admired of the Darwin Tulips. 27 inches tall. In color on page 5.
\$1.55 for 12; \$2.90 for 25; \$11.00 for 100

THE BISHOP. A magnificent flower of clear deep violet-blue with blue base and white halo. The best Tulip of this color and highly recommended for garden display and exhibition purposes. Grows 29 inches tall.
\$1.60 for 12; \$3.00 for 25; \$11.25 for 100

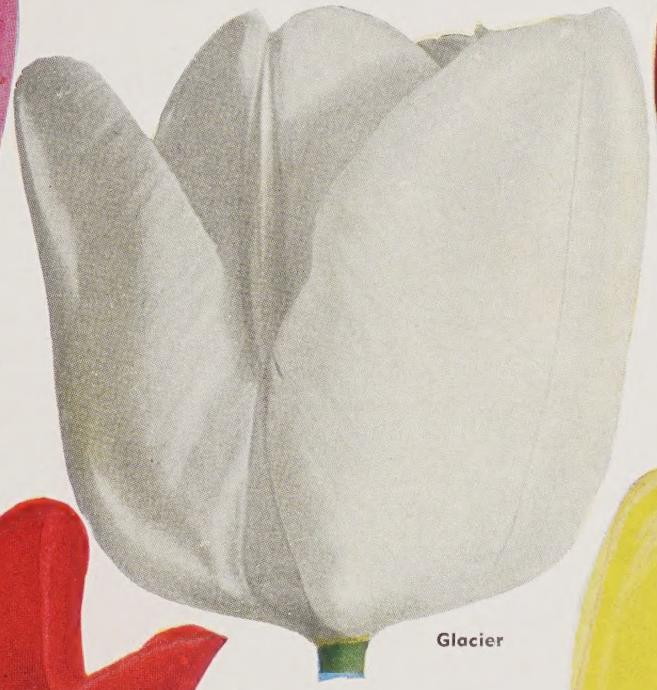

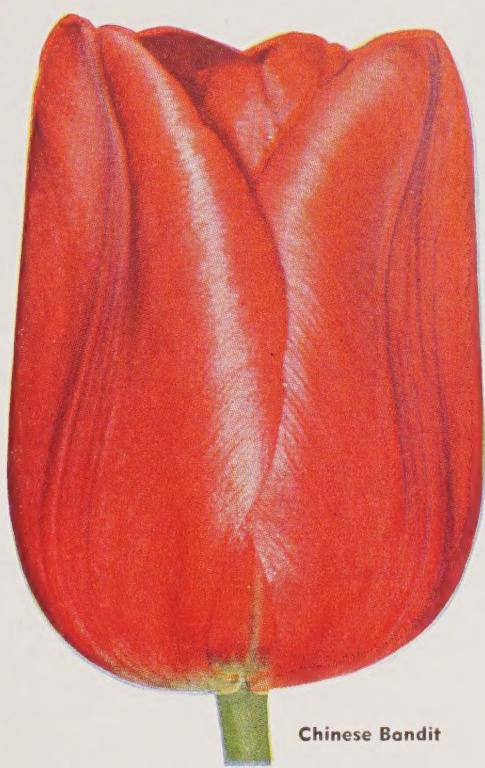

THE PEACH. Splendid clear rose-pink, slightly deeper at the edges of the petals. Base of flower both inside and out is pure white. Many call this the finest of the pink Darwins. In color on page 5.
\$1.45 for 12; \$2.70 for 25; \$10.25 for 100

Rainbow Mixture of Giant Flowering Long-Stemmed Tulips

This splendid color mixture is made in our own warehouses from more than 20 tall-stemmed, giant flowering named kinds covering the widest range of color from pure white through pink, red, lavender, purple, bronze, yellow, and many intermediate shades. These Holland grown bulbs are of top quality, reasonably priced.

COTTAGE GARDEN OR MAY-FLOWERING TULIPS

A Clump of Mongolia Tulips is a Bright Spot in Any Garden. Here it is Planted With Mertensia

A Mixture of Cottage Tulips

All the fifteen named kinds of Cottage Tulips described on this page are combined right here in our warehouses to insure a wide range of color and a most unusual display in your garden. The bulbs used are top-size and grown for us in Holland by men recognized throughout the bulb trade as being among the best of Holland's expert bulb growers. **\$1.35 for 12; \$2.55 for 25; \$9.85 for 100.** All bulbs prepaid to you.

These long, pointed flowers of the English Garden or Cottage Tulip type are indescribably graceful and lovely. In the opinion of garden architects, they dominate the Tulip family and are the backbone of the Tulip garden. Cottage Tulips begin flowering as the Single and Double kinds fade and continue in bloom well into the late Darwin and Breeder season. Be sure to include these Cottage Tulips in your planting. They bridge the gap between the early and late varieties.

ADVANCE. Truly a remarkable flower, reminding one, when fully opened, of a fiery red Oriental Poppy. It is described by a Holland grower as "stems better than the best Darwin, petal longer than the largest Darwin, two weeks earlier than the earliest Darwin." 32 inches high. Shown in color on page 7. **\$1.35 for 12; \$2.55 for 25; \$9.75 for 100**

ALABASTER. Fine goblet-shaped flower of pure white with a small clear yellow center. Ivory colored stamens never soil the inside of this flower. Grows 25 inches high. **\$1.10 for 12; \$2.10 for 25; \$8.00 for 100**

GOLDEN DUCHESS. (Lily-Flowered.) Very lovely deep yellow Tulip. Carries its giant pointed petalled flowers on 26-inch stems. **\$1.70 for 12; \$3.15 for 25; \$11.75 for 100**

GOLDEN HARVEST. A good name for a very lovely Tulip. Large, globular, bright lemon-yellow flower with thick, waxlike petals. Tall, stiff, and strong stem 28 inches high. **\$1.00 for 12; \$1.95 for 25; \$7.45 for 100**

IVORY GLORY. Large, perfectly formed, egg-shaped, ivory-white flowers with petals of unusual substance. An astonishing Tulip that stays in bloom longer than most other kinds. 26-inch stems. **\$2.10 for 12; \$3.85 for 25; \$14.00 for 100**

MARJORIE BOWEN. Outstanding. Soft rose with a broad silvery apricot edge; inside gorgeous orange on a clear yellow base. A most unusual combination of colors. 28 inches high. **\$1.25 for 12; \$2.40 for 25; \$9.25 for 100**

MARSHALL HAIG. Brilliant scarlet, glistening red interior and a yellow base. One of the brightest colored of all Tulips. **\$1.60 for 12; \$3.00 for 25; \$11.25 for 100**

MONGOLIA. Giant globes of soft yellow flowers of great beauty carried on tall, strong stems. Bulb growers in Holland say it's the very finest late flowering yellow Tulip ever introduced. Lovely in combination with Marjorie Bowen. 30 inches high. **\$1.60 for 12; \$3.00 for 25; \$11.25 for 100**

MRS. JOHN T. SCHEEPERS. Very long-petalled, oblong-shaped flower of rich golden yellow with ivory stamens. One of the most outstanding of all Tulips. Grows 28 inches high. **\$1.40 for 12; \$2.65 for 25; \$10.00 for 100**

ROSY WINGS. A very choice new Hybrid Cottage Tulip bearing large and most attractively formed long-petalled, cup-shaped, rich rosy salmon flowers on strong, 24-inch stems. **\$1.85 for 12; \$3.40 for 25; \$12.45 for 100**

STANISLAUS. (Lily-Flowered.) A glorious flower that attracted unusual attention at a Spring Flower Show this year. Long, curved and reflexed petals of apricot-orange underlaid with creamy yellow. Stems 24 inches long. **\$1.85 for 12; \$3.40 for 25; \$12.45 for 100**

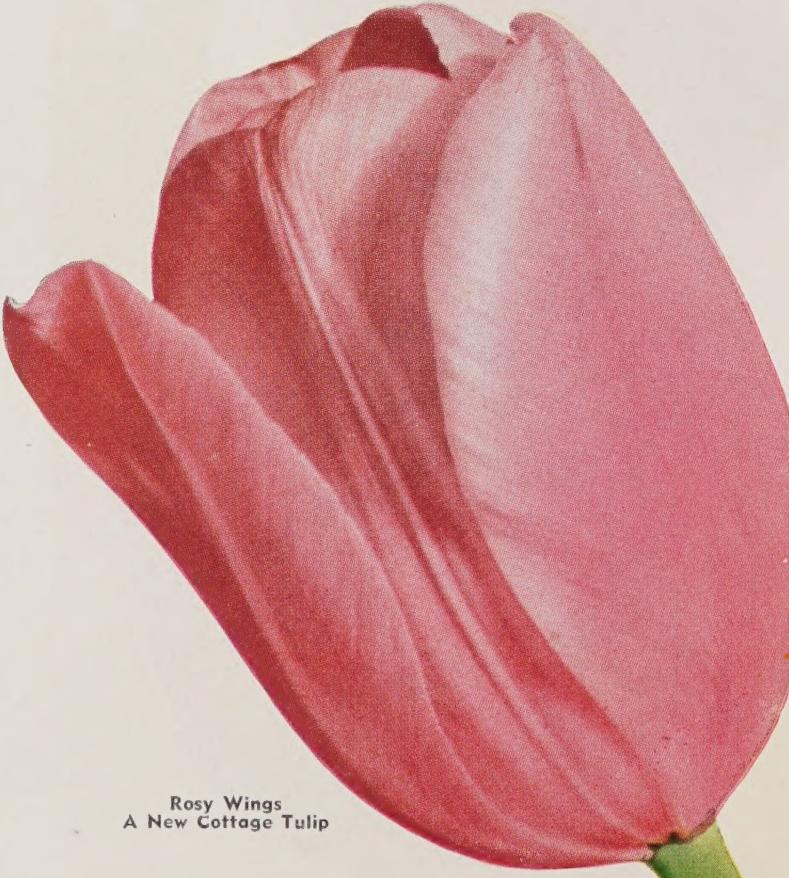

THE BRIDE. (Lily-Flowered.) Pure white petals, long, waved and reflexed; golden yellow anthers and yellow base. Arranges in vases and bowls most artistically. 26-inch stems. **\$1.45 for 12; \$2.75 for 25; \$10.25 for 100**

WALL STREET. Large, well formed flower. Inside of petals bright canary-yellow, outside a little darker yellow. A two-tone yellow. **\$1.00 for 12; \$1.95 for 25; \$7.45 for 100**

WHITE CITY. Pure white flower with white anthers. One of the half dozen really fine Tulips of this color. Strong growing and carries its large flowers on 27-inch stems. Shown in color on page 7. **\$1.65 for 12; \$3.00 for 25; \$11.25 for 100**

WORLD'S FAIR. Introduced to America at the World's Fair in New York City. Its color is superb; the base and lower parts of the petals are pure white, and the upper part luminous rose-pink. The inside of the flower is a gorgeous rose-pink with pure white center. 28 inches high. **\$1.30 for 12; \$2.50 for 25; \$9.45 for 100**

WE SEND ALL BULBS OFFERED IN THIS BOOK TO YOU PREPAID

Rosy Wings
A New Cottage Tulip

TRIUMPH TULIPS

Grown in Holland

These fine new Tulips find a ready place in the garden because they follow immediately after the earliest flowering Tulips. They come on tall, strong stems, with flowers of great size and substance. We urge you to plant some bulbs of this class in your garden. We are sure you will like them as well as we do.

ALBERIO. Very large bright, clear cherry-red, each petal has a narrow edge of yellow. Blue and yellow center. Grows 24 inches tall. **\$1.15 for 12; \$2.20 for 25; \$8.45 for 100**

CRATER. This very lovely crimson-red Tulip attracted much attention at the Tulip show sponsored by the Rochester Garden Center last spring. The stems are sturdy, 22 inches long and the flower remains in good condition a long time. **\$1.15 for 12; \$2.20 for 25; \$8.45 for 100**

ELIZABETH EVERE. An elegantly shaped Tulip of large size and carried on strong stem; dark rose, white base, yellow anthers. 22 inches tall. **\$1.15 for 12; \$2.20 for 25; \$8.45 for 100**

KANSAS. Splendid pure white with white anthers and lemon-yellow center. This is a very fine white Tulip, that because of its white anthers, does not get "dirty" on the inside of the flower. A splendid kind for cutting for vases in the living room. Grows 22 inches tall. **\$1.15 for 12; \$2.20 for 25; \$8.45 for 100**

PRESIDENT VON HINDENBURG. Giant garnet-red flowers with a broad yellow edge and with white and blue centers. Grows 22 inches high. **\$1.15 for 12; \$2.20 for 25; \$8.45 for 100**

ROSE BEAUTY. Large, cup-shaped flower of rich deep rose with a pure white base. Grows 25 inches tall. **\$1.15 for 12; \$2.20 for 25; \$8.45 for 100**

URSA MINOR. Butter-yellow flowers with yellow stamens. Another splendid Triumph Tulip that does not get soiled inside, because of the yellow stamens. Grows 20 inches high and does well in the garden and when forced. **\$1.15 for 12; \$2.20 for 25; \$8.45 for 100**

TRIUMPH TULIP MIXTURE. All the above kinds in a well balanced mixture of colors. Made right here in our warehouse. **95c for 12; \$1.85 for 25; \$7.25 for 100**

PARROT TULIPS

Giant Fringed Flowers on Strong Stems

These Tulips have thrown off the conventional form and bear large, very showy and most interesting flowers with curiously and deeply laciniated petals of rich and varied colors. When fully opened we have 10-inch wide flowers of brilliant colors often shadowed with soft apple-green almost its entire length.

Fantasy

BLUE PARROT. Bright violet and mauve flower outside, inside purple shaded steel-blue. A large oblong flower, perfectly formed, with heavy waxlike petals that remain in splendid condition for an unusual length of time. The most popular flower at many shows this past spring. Stems strong and straight, 24 inches long.

\$1.10 for 12; \$2.10 for 25;
\$7.85 for 100

FANTASY. Another lovable vagabond which has successfully thrown off the conventional Tulip form. Buds are like huge pointed candle flames of salmon-rose. The edges of the closed flower are informally curved and deeply laciniated, apple-green shadows rise from the outside base almost the entire length of the petals. When fully opened, we have a broad petalled flaring and loosely built flower of brilliant salmon-rose on a 22-inch stem. A true expression of rhythmic freedom.

\$1.30 for 12; \$2.50 for 25; \$9.45 for 100

ORANGE FAVORITE. One of the most richly perfumed of all Tulips. Long, pointed buds and large open flowers of orange, scarlet and salmon, splashed and feathered with bright apple-green. The large, exotic blooms are carried erect on tall, straight stems about 22 inches long. Don't fail to have this new Tulip in your garden.

\$1.65 for 12; \$3.30 for 25; \$11.45 for 100

SUNSHINE. The newest and very best clear bright yellow Parrot Tulip with flames of bright apple-green on the petals. In combination with Fantasy or with the variety, Blue Parrot, it is particularly lovely. Height 20 inches.

\$2.10 for 12; \$3.85 for 25; \$14.00 for 100

THERESE. A new top-notch Parrot of cherry-scarlet with the same unusually formed and distinctive petals all feathered heavily with bright apple-green. A very attractive flower both in the garden and when displayed in vases indoors. 24 inches tall.

\$1.65 for 12; \$3.30 for 25; \$11.45 for 100

MIXED COLORS. A splendid blend of colors we make right here in the warehouse of nearly equal quantities of each of the above five named varieties of Parrot Tulips.

\$1.25 for 12; \$2.35 for 25; \$9.25 for 100

Directions for Growing Sent With Every Order

Blue Parrot

The BLACK PARROT

Very scarce, velvety blue-black flower. Not to be confused with the more common Allard Pierson variety.

Bulbs: \$1.00 each

DOUBLE PEONY-FLOWERED TULIPS

These tall-stemmed, very double flowering Tulips, with blooms 4 and 5 inches across, deserve a lot more attention than they have been given. They bloom in May and are splendid for growing in solid beds or for planting in groups of six to a dozen in the hardy plant or shrub border or among evergreens. Very sturdy growing and hold their giant flowers very erect. The kinds we list here grow from 22 to 24 inches tall.

BLUE FLAG (Bleu Celeste). Huge flowers of a pleasing shade of violet-blue. Splendid for cutting for house decoration. Grows 20 inches tall.

\$1.85 for 12; \$3.40 for 25; \$12.45 for 100

COXA. Large, very double, rich scarlet flowers daintily tipped with pure white. Most attractive. 22 inches tall.

\$1.45 for 12; \$2.80 for 25; \$10.25 for 100

EROS. Commands attention in every garden where it is grown. One of the very best Tulips in this magnificent class ever introduced. Very substantial flowers of clear old rose color on unusually strong stems even for this variety. 20 inches tall.

\$1.40 for 12; \$2.65 for 25; \$10.00 for 100

MOUNT TACOMA. Resembles a large, double, white Chinese Peony. Flowers are very large, often measuring 5 inches across. The best white of this kind. Grows 18 inches tall.

\$1.50 for 12; \$2.75 for 25; \$10.75 for 100

ROYAL YELLOW. Clear golden yellow double flowers without a speck, spot or blemish to mar their sunny beauty. Plant this in combination with the variety Blue Flag. The effect is very pleasing. 20 inches tall.

\$1.75 for 12; \$3.25 for 25; \$11.75 for 100

UNCLE TOM. Deep glossy maroon-red flowers; really a distinct shade in Tulips. We recommend this variety for planting in groups between evergreens. Try it. 20 inches tall.

\$2.00 for 12; \$3.65 for 25; \$13.45 for 100

PEONY-FLOWERED MIXTURE. All of the above kinds in a splendid mixture of colors.

\$1.35 for 12; \$2.55 for 25; \$9.75 for 100

Narcissus - Daffodils

Large Double Nose Bulbs That Should Produce Two, Three and Four Flowers.

Daffodils are very easy to grow, they thrive in any good soil and in just about any location. Plant them in clumps of six to a dozen bulbs among the perennial plants and in the foreground of shrubbery and evergreens. Planted in large masses through woodlands and along hillsides and in meadows, they give a most pleasing effect. They will increase in beauty and number without any special care and soon become permanently established. Plant Daffodil bulbs about 6 inches deep and 6 inches apart as early in the fall as possible.

TRUMPET NARCISSI

COVENT GARDEN. A new Trumpet kind with light yellow petals and a much deeper yellow trumpet. Easily grown indoors or in the garden.
55c for 3; \$1.75 for 12; \$3.25 for 25; \$11.75 for 100

GLORY OF SASSENHEIM. A great flower, long, rich yellow trumpet and broad, pure white petals. A splendid Daffodil.
55c for 3; \$1.75 for 12; \$3.25 for 25; \$11.75 for 100

IMPERATOR. The largest flowering of all white Trumpet Daffodils. Trumpet creamy white and with broad, overlapping cream-white petals. A most substantial flower, lasting for a long time in the garden or when cut.
55c for 3; \$1.75 for 12; \$3.25 for 25; \$11.75 for 100

KING ALFRED. The standard by which all golden yellow Daffodils are judged. Large, refined, golden yellow; popular the world over. In color on page 10.
55c for 3; \$1.75 for 12; \$3.25 for 25; \$11.75 for 100

MRS. E. H. KRELAGE. A bold ivory-white trumpet sometimes tinted with cream, and broad, long overlapping white petals make this an outstanding Daffodil.
65c for 3; \$2.00 for 12; \$3.70 for 25; \$13.45 for 100

PRESIDENT LEBRUN. Overlapping pure white petals and a long, ruffled and fluted cream-white trumpet. A splendid kind to cut for house decoration. Medal winner in 1943. Pictured in color on page 10.
3 for 65c; \$2.00 for 12; \$3.70 for 25; \$13.45 for 100

REMBRANDT. Perfectly formed flower with both trumpet and petals of clear golden yellow. Lasts particularly well when cut.
55c for 3; \$1.85 for 12; \$3.40 for 25; \$12.30 for 100

LARGE-CUPPED NARCISSI

CARLTON. A giant size, clear yellow flower with clear yellow, broad overlapping petals and an enormous cup with a frilled edge. This variety increases rapidly. Easily grown in the garden and is a splendid forcing kind.
55c for 3; \$1.85 for 12; \$3.40 for 25; \$12.25 for 100

HELIOS. Deep golden yellow petals with a cup that opens a little darker and gradually changing to a deep orange color. Excellent for forcing indoors and a splendid garden variety. 20 inches high.
50c for 3; \$1.45 for 12; \$2.75 for 25; \$10.25 for 100

JOHN EVELYN. A four-star winner acclaimed one of the greatest Incomparabilis Daffodils of the present day. Opens 4 to 6 inches across, with a flat cup nearly 2 inches in diameter, densely frilled, the perianth being pure white. The cup is fluted and shirred to the base and lemon-yellow. Pictured in colors on page 10.
65c for 3; \$2.00 for 12; \$3.65 for 25; \$13.00 for 100

ORANGE GLOW. Giant flower 4 1/2 to 5 inches across. Broad yellow petals and a deep orange frilled trumpet. Pictured in color on page 10.
50c for 3; \$1.45 for 12; \$2.75 for 25; \$10.25 for 100

SCARLET ELEGANCE. Intense dark yellow petals, with a lovely orange-red cup of medium size. A most attractive Narcissus. Easy to grow indoors.
55c for 3; \$1.85 for 12; \$3.40 for 25; \$12.45 for 100

ROCK GARDEN DAFFODILS

Exquisitely dainty, perfectly formed miniature Daffodils. Ideal for rock gardens and walls. Leave undisturbed for many years.

BULBOCODIUM CONSPICUUS. Yellow Hoop-Petticoat; dainty rich golden yellow flowers of hoop-petticoat form. Foliage narrow bladed. Grows 6 inches tall.
40c for 3; \$1.25 for 12; \$2.35 for 25; \$8.75 for 100

W. P. MILNER. Small sulphur-white flowers, pure white when forced, on wiry 10-inch stems. One of the very best Daffodils for growing indoors and an attraction in the rockery.
40c for 3; \$1.25 for 12; \$2.35 for 25; \$8.85 for 100

SHORT-CUPPED NARCISSI

FIRETAIL. A horticultural award winner with broad, creamy white petals and a large, bright crimson-scarlet cup. Flowers are of great substance, lasting a long while in the garden and when cut. 19 inches high.
55c for 3; \$1.75 for 12; \$3.25 for 25; \$11.75 for 100

GERTIE MILLAR. Large and most attractive primrose and cream-white Leedsi variety. A great favorite with many experienced amateur gardeners. Makes a most attractive spot in the border and is also a splendid flower to cut.
75c for 3; \$2.45 for 12; \$4.65 for 25; \$17.50 for 100

LADY MOORE. Delicately beautiful, graceful flower with pure white petals and yellow cup edged orange-red. Grows 14 inches tall and forces well in the house.
50c for 3; \$1.45 for 12; \$2.75 for 25; \$10.25 for 100

MRS. BARCLAY. Large, broad, reflexed petals of pale primrose-yellow with a frilled yellow cup daintily edged with orange. A very lovely variety.
50c for 3; \$1.45 for 12; \$2.75 for 25; \$10.25 for 100

MRS. R. O. BACKHOUSE. (The Pink Daffodil.) It is one of the choicest that may be seen in the garden, a variety of quite unique coloring, large trumpet-shaped crown of a full shell-pink shaded deep pink at brim, perianth ivory-white and slightly reflexed; it should not be missed in any collection.
50c each; \$1.25 for 3; \$4.45 for 12; \$8.75 for 25

DOUBLE NARCISSI

"Daffodils" to Many Gardeners

For perfection of bloom these varieties should be planted in slight shade.
DAPHNE. Pure white, double flower looking very much like a Gardenia. Sweet scented and grows as well indoors as it does out.
40c for 3; \$1.25 for 12; \$2.35 for 25; \$8.85 for 100

HOLLAND'S GLORY. Beautiful soft yellow, very double flower resembling a large Camellia. Easy to grow into flower indoors during the winter and does remarkably well in the garden. Pictured in color on page 10.
55c for 3; \$1.85 for 12; \$3.45 for 25; \$12.50 for 100

TWINK. A very attractive flower, carried on a strong, tall stem. This most unusual variety is a semi-double type, the petals alternating in color, soft primrose and clear orange. Free flowering and very hardy. Good either in the garden or for forcing indoors.
55c for 3; \$1.75 for 12; \$3.25 for 25; \$11.75 for 100

SWEET-SCENTED POETAZ NARCISSI

Hardy and strong growing class of Narcissi that bear very freely, large clusters of very fragrant flowers. Leave them in the ground indefinitely, they soon form large, luxuriant clumps.

L'INNOCENCE. Pure white petals and a large, soft orange cup. Easily grown to perfection either indoors or out in the garden.
35c for 3; \$1.15 for 12; \$2.20 for 25; \$8.45 for 100

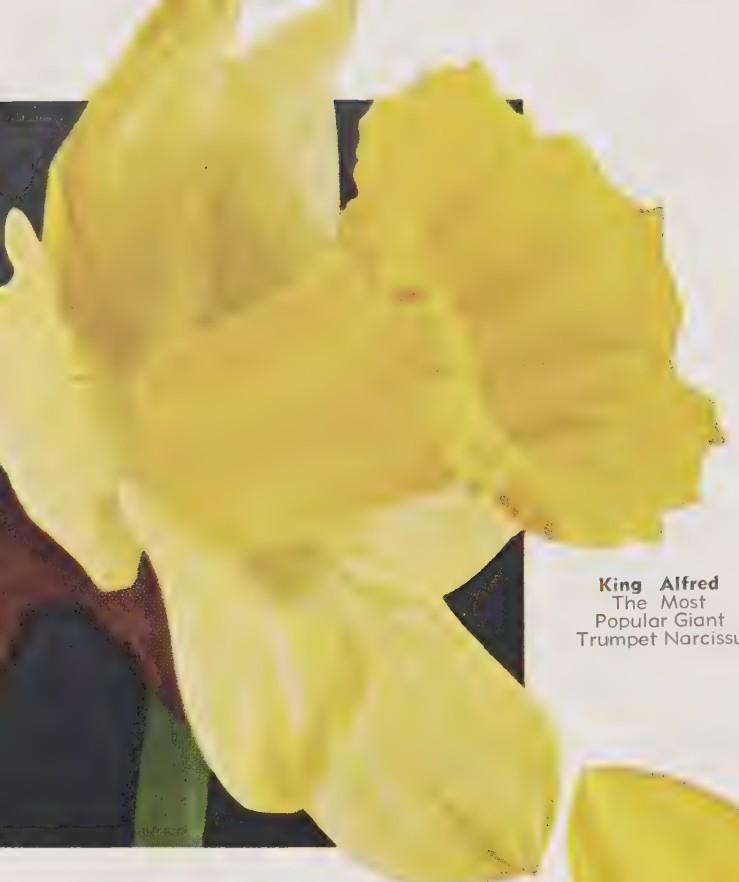

SCARLET GEM. A. M., Wisley. One of the best Poetaz kinds yet introduced. A very showy, free flowering kind with primrose-yellow petals and a brilliant orange-scarlet cup. Splendid both for growing in the garden and for pot culture.
55c for 3; \$1.75 for 12; \$3.25 for 25; \$11.75 for 100

POETICUS VARIETIES

Very hardy class of Narcissi producing long-stemmed white flowers with scarlet edged cups. This is the most popular kind for naturalizing in grass or semi-wild places. They multiply very rapidly.

ACTAEA. The largest Poeticus in existence. Broad, snow-white petals and large eye broadly margined with dark red. Very beautiful cut flower.
55c for 3; \$1.75 for 12; \$3.25 for 25; \$11.75 for 100

RECURVUS (Pheasant's Eye). Pure white petals and orange-red cup.
35c for 3; \$1.15 for 12; \$2.20 for 25; \$8.45 for 100

A Mixture of Daffodils and Narcissus for Your Garden

These are the first of the large flowering bulbs to bloom in the spring and are splendid for growing between the plants in the shrub border, in semi-shaded places under trees, or grown in rows in the garden to cut for house decoration. In this mixture you will find equal quantities of Double Narcissus, Trumpets, Incomparabilis, Barri, Leedsi, Poeticus, Poetaz, and new seedlings. It's a splendid mixture that we know you will appreciate.

Prices prepaid to you: \$1.45 for 12; \$2.75 for 25; \$10.25 for 100; \$47.50 for 500.

JONQUILS

These are the Very Sweet-Scented Flowers That are so Popular

GOLDEN SCEPTRE. A very beautiful hybrid Jonquil, having large golden yellow flowers of the Trumpet type; very fragrant; an excellent forcing variety.
55c for 3; \$1.75 for 12; \$3.25 for 25; \$11.75 for 100

ORANGE QUEEN. A lovely kind carrying 3 to 4 deliciously scented deep golden orange flowers on a single stem. A low growing variety carrying its flowers on strong, 10-inch stems. 55c for 3; \$1.75 for 12; \$3.25 for 25; \$11.75 for 100

HARDY GARDEN LILIES

The popularity of Lilies in the garden is increasing remarkably fast. We fully expect them to be one of our most popular flowers for the next few years. We recommend that you try some of the new Hybrid Lilies originated in this country. You will remember the illustrations in natural color and the most interesting article in the Saturday Evening Post of some months ago.

AURATUM (Golden Banded Lily of Japan). Giant size white flowers with a golden band down the center of each petal. The fragrant flowers, heavily spotted with crimson, are carried on strong stems 3 to 6 ft. high. Plant 9 to 12 inches deep.

Large bulbs, 75c each; \$2.10 for 3; \$7.85 for 12; \$14.85 for 25

BELLINGHAM HYBRID LILIES. The colors of these hybrids range from clear yellow through the oranges to the bright orange-reds with scarlet-tipped petals. Most of the flowers are interestingly spotted with reddish brown. The buds are narrow and reveal the attractive spotting of the petals long before the flower opens. The pyramidal flower heads bearing up to 20 blooms are ideally spaced on tall, straight, slender stems. Splendid for cutting.

Top quality bulbs, 60c each; \$1.65 for 3; \$6.35 for 12; \$12.45 for 25

CENTIFOLIUM OLYMPIC HYBRIDS. There is a pleasing variation among these hybrids, from typical trumpet to widely opened bowl-shaped flowers with petals slightly twisted and ruffled. Colors range to new combinations and include creamy yellow trumpets, soft fuchsia-pink and the popular cool icy green. Outside of petals delicately shaded with light green, soft wine tints or pure glistening white. Bloom in July. Plant 5 inches deep.

55c each; \$1.45 for 3; \$5.75 for 12; \$11.25 for 25

ESTATE. The hardy, pure white Easter Lily. Long, trumpet-shaped flowers on strong, 3-foot stems. Blooms in August and September. Plant bulbs 5 inches deep. \$1.00 each; \$2.85 for 3; \$10.25 for 12

CANDIDUM (Cascade train of Madonna or St. Joseph's Lily). A greatly improved Madonna with much larger, stronger stems and more perfectly formed, pure white flowers evenly spaced. Blooms in June. Plant as early in the fall as possible, 1 inch deep and 8 inches apart. For best results reset every other year. Large bulbs of true "Cascade Strain" grown for us by Jan De Graaf, of Gresham, Oregon.

65c each; \$1.85 for 3; \$7.00 for 12; \$13.85 for 100

PARDALINUM GIGANTEUM, Sunset. A very popular Lily that is strong growing and succeeds just about everywhere. The 5- and 6-foot stems are very strong, require no staking, and carry a dozen or more beautiful brilliant sunset-red flowers with yellow base in clusters during July. Plant 5 inches deep.

Top quality bulbs, 55c each; \$1.45 for 3; \$5.75 for 12; \$11.25 for 25

REGALE or ROYAL LILY. Large and fragrant, trumpet-shaped flowers with pure white centers, canary-yellow in the throat; outside of petals white with a shading of lilac-pink. Stems grow 4 to 6 feet high and a single plant will often bear from 15 to 20 blossoms. Blooms June and July. One of the most beautiful and easiest grown of all Lilies, individual blooms are 6 inches in length and 4 to 5 inches across the mouth. Plant 5 inches deep in good, well drained soil.

Large bulbs, 45c each; \$1.25 for 3; \$4.75 for 12; \$9.25 for 25

SPECIOSUM RUBRUM. The best known and best liked of the recurved type of garden Lilies. The tall, sturdy, 4- to 5-foot plants carry well branched sprays of delicately scented flowers of cream-pink with a light edge and vivid crimson speckles. They flower in August and September. Speciosum Lilies are stem rooting and therefore should be planted 9 inches or more deep in soil of good drainage.

Each 75c; \$2.10 for 3; \$7.85 for 12; \$14.85 for 25

BULBS TO GROW INDOORS IN PEBBLES AND WATER

Excellent for Gifts

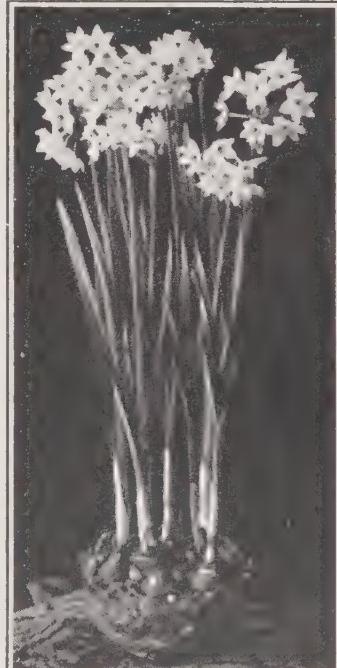

Dishes of these, grown in pebbles and water, may be had in bloom continuously from Thanksgiving until Easter. Plant different lots each three weeks from October 1st until March 1st, and you can then enjoy a constant succession of bloom.

FRENCH-GROWN PAPER-WHITE NARCISSUS.

Most popular and easiest of all bulbs to force into bloom in pebbles, bulb fiber or Terra-Lite and water indoors during the winter. Each bulb will make from one to three stems bearing a cluster of 7 to 9 pure white, very fragrant flowers. Bloom very soon after planting and the flowers last about 10 days. Large bulbs, 18c each; 45c for 3; \$1.45 for 12; \$2.75 for 25; \$10.00 for 100.

SOLEIL D'OR. Resembles the Paper-White Narcissus very much in habit and is of exquisite deep yellow color with an orange-yellow cup. The culture is the same as Paper-White Narcissus. Giant bulbs, 18c each; 45c for 3; \$1.45 for 12; \$2.75 for 25.

CHINESE SACRED LILIES. Similar to the Paper-Whites, but the flowers have a bright yellow center. Extra large bulbs, 18c each; 3 for 45c; \$1.45 for 12; \$2.75 for 25.

Narcissus in Pebbles and Water. Bloom in from 35 to 60 days.

PEARL CHIPS, PEBBLES

WHITE SEA PEBBLES. Pt. 13c; postpaid 20c. Qt. 20c, postpaid 35c.

WHITE PEARL CHIPS. Pt. 20c; postpaid 30c. Qt. 35c; postpaid 50c.

COLORED PEARL CHIPS. Pt. 25c; postpaid 35c. Qt. 40c; postpaid 55c.

TERRA-LITE. Described and priced on page 15.

FRENCH ROMAN HYACINTHS

Very easily grown to perfection indoors in the winter and will bloom as early as November. For continuing bloom, pot up at intervals of two weeks. We offer these in three separate colors:

WHITE. 35c each; 85c for 3; \$3.00 for 12.

PINK. 35c each; 85c for 3; \$3.00 for 12.

BLUE. 25c each; 65c for 3; \$2.25 for 12.

Miscellaneous BULBS and ROOTS

Calochortus
Also Called Mariposa or Butterfly Tulip

Erythronium or Dog's Tooth Violet
For Those Damp, Shady Places

Galanthus - Snowdrops

Eranthis—First to Bloom in Spring

AMARYLLIS

GIANT AMERICAN HYBRIDS. One of the easiest and most satisfactory of all bulbs to grow in the house. We offer giant bulbs of one of the finest strains in the country. Will grow from 1 to 2 vigorous, healthy flower stems each carrying 4 giant trumpetlike flowers in a wide range of colors. Offered in mixture only.

85c each; \$2.45 for 3; \$9.00 for 12

CALOCHORTUS (Mariposa or Butterfly Tulips)

Graceful, nodding, dainty little Tulips, often two and three to a stem, marked with eyes and dots like the wings of a butterfly. Our mixture will give you a splendid assortment of colors, mostly cream, white, lilac, purple and pink. Plant 2½ inches deep, cover during winter.

\$1.00 for 12; \$1.95 for 25; \$7.75 for 100

CALLA LILIES

Plant Callas indoors in pots, in late fall; they require little care, except good rich soil, and plenty of water. Only top-size bulbs offered.

AETHIOPICA (Lily-of-the-Nile). The magnificent white Calla.

55c each; \$1.65 for 3; \$6.00 for 12; \$12.00 for 25

ELLIOTTIANA (Yellow Calla). The green foliage is spotted white, with a dazzling golden yellow flower. A lovely house plant, as well as garden subject.

45c each; \$1.25 for 3; \$4.50 for 12; \$8.75 for 25

CHIONODOXA (Glory-of-the-Snow)

These brilliant sky-blue flowers showing a white center are most effective with Snowdrops. An early flowering bulb effective when planted freely on the lawn among the shrubbery or in large masses. Set 3 inches deep.

50c for 12; 90c for 25; \$3.25 for 100

CROCUS BULBS

These are about as satisfactory a bulb as you can plant for they do well in any situation. Grow them in clumps under shrubs, evergreens and trees; in rows to border the walk and flower gardens, in solid beds or scattered in the lawn. Plant Crocus 1 inch deep and 3 inches apart. They are perfectly hardy and can be left in the ground for years.

We offer the new Holland strain of Giant Flowering Crocus:

GOLDEN YELLOW. Rich golden yellow.

KATHLEEN PARLOW. Pure white, orange anthers.

MIKADO. Lilac with mauve stripes.

PURPUREA GRANDIFLORA. Deep glossy purple.

MIXED COLORS. A mixture of the above kinds.

Any of the above: 60c for 12; \$1.15 for 25;

\$4.25 for 100.

ERANTHIS HYEMALIS (Winter Aconite)

Earliest of all spring flowers. The golden Buttercuplike blossoms resting on emerald-green cushions of leaves are very beautiful and produce a charming effect in the early days of the garden year. Grow well under trees and in moist places where few other plants will thrive. It likes to be left undisturbed for years.

50c for 12; 95c for 25; \$3.45 for 100

ERYTHRONIUM (Dog's Tooth Violets)

Charming woodland plants for damp, shady locations, bearing dainty Lily-like flowers in early spring. Fine for rock gardens. Height 7 inches. Mixed colors: pink, bright yellow, rose, cream and white. Plant 3 inches deep.

75c for 12; \$1.45 for 25; \$5.85 for 100

FREESIAS

THE FAMOUS TECOLOTE HYBRIDS

Even one single bloom will permeate the living room with its delicate perfume. Easy to grow indoors, but must be kept in a cold, dark place until the roots are formed, and then bring them to the light in a sunny window.

White, Yellow, Lavender, Pink, All Colors Mixed.

95c for 12; \$1.80 for 25; \$6.85 for 100

Scilla Campanulata

Chionodoxa

Giant Crocus

**Giant Amaryllis,
Exhibition Hybrids**

MISCELLANEOUS BULBS and ROOTS—Continued

PLUMED HYACINTH

(*Muscari Plumosum*)

Handsome feathery plumes of violet colored flowers. Very unusual. Ideal for rock gardens. Blooms in May. Height 7 inches.
60c for 12; \$1.15 for 25; \$4.25 for 100

GRAPE HYACINTHS

(*Muscari*)

The sweet scented Grape Hyacinths are so exquisite that they deserve to be planted by the tens of thousands. Easily forced in the house. Once planted they last year after year.

ARMENIACUM. Lovely deep cobalt-blue flowers that are much larger and clearer in color than Heavenly Blue.
55c for 12; \$1.00 for 25; \$3.75 for 100

DUTCH IRIS "THE GARDEN ORCHID"

As graceful as Orchids, these Iris are unsurpassed as cut flowers and stand any amount of handling, lasting fully one week in water. The flowers are not only superior in substance, brilliancy and purity of color but also earlier and larger, and of greater refinement than the old Spanish Iris. Plant in clumps of six or a dozen, 4 inches apart, 2 inches deep, in a sunny, well drained spot. In very cold sections protect with a mulch of peat moss, straw or leaves. The bulbs multiply rapidly and enlarge your planting each year.

BLUE HORIZON. (S. de Vlieger.) Very broad and strong light violet-blue standards; falls soft sky-blue. Narrow orange stripe; large, beautiful flower. 27 inches tall.

IMPERATOR. A strong growing Iris with rich deep blue flowers. Splendid greenhouse variety.

WHITE EXCELSIOR. Uniformly pure white, broad falls, very good form and substance. 22 inches high.

YELLOW QUEEN. Rich golden yellow flower on strong, sturdy stems 28 inches high.
\$1.35 for 12; \$2.55 for 25; \$9.75 for 100.

TINGITANA HYBRID IRIS

WEDGEWOOD. The straight, strong stems carry flowers of a large size. The color is a lovely shade of light blue, with yellow blotch touched with orange on each lower lip. Extremely dignified and appealing. Solely for growing indoors during winter.
\$1.35 for 12; \$2.55 for 25; \$9.75 for 100

ORNITHOGALUM

(Star of Bethlehem)

ROSE QUEEN

WHITE QUEEN

ROSE QUEEN

60c for 12; \$1.15 for 25; \$4.25 for 100

OXALIS (Shamrocks)

A winter flowering house plant, suitable for pots or hanging baskets. Set bulbs in a 5-inch pot, and keep in the dark for at least 10 days before bringing into the light.

YELLOW LAVENDER PINK MIXED

Any of the above:
65c for 12; \$1.25 for 25; \$4.75 for 100.

Scilla Sibirica

SNOWDROPS (Galanthus)

There is nothing more pleasing in the garden than a large batch of the snowy, graceful blossoms of the Snowdrops in the early days of the spring. Plant in partly shaded situation.

SINGLE FLOWERING. 75c for 12; \$1.45 for 25; \$5.45 for 100

SCILLA SIBIRICA

A very charming plant for early spring flowering, either planted in masses or for edging. They are of dwarf, compact habit, and excellent for bedding, in pots, bowls, etc., and form a pleasing effect among indoor plants.

SPRING BEAUTY. Greatly improved Sibirica. Bright blue flowers twice the size of the older variety, with longer, stronger stems.
65c for 12; \$1.25 for 25; \$4.75 for 100

SCILLA CAMPANULATA

(Wood Hyacinths)

Very beautiful and popular spring flower, flowering in May. They are quite hardy and very fine for naturalizing in woods, wild gardens, shrubberies, borders, etc., where they should be freely planted. They thrive in shady places where other plants die. Grow 12 inches high and resemble loose spikes of Hyacinths.

BLUE QUEEN

WHITE QUEEN

ROSE QUEEN

60c for 12; \$1.15 for 25; \$4.25 for 100

SNOWFLAKE (Leucojum Vernum)

One of the earliest and most attractive spring flowers. Grows from 6 to 8 inches high, and bears dainty nodding flowers which are white tipped with green. Plant 2 inches deep.

\$1.00 for 12; \$1.95 for 25; \$7.75 for 100

Scilla Campanulata

Sky-Blue Queen

Snowflakes

Grape Hyacinths
Once planted these last for years.

Ornithogalum
(Star of Bethlehem)

Dutch Iris in Many Colors

GARDEN GUIDE

Information You Have Asked Us For

The General Garden Information pages in last spring's Seed Catalog met with such a warm reception that we are trying to answer some of the many questions that are asked in our stores and by mail about fall gardening.

PLANTING BULBS IN THE GARDEN

TULIPS: They may be planted any time after the first hard frost right up to the time the ground freezes, making it impossible to dig. They may be grown successfully in any good garden soil and in just about any location providing the spot is not too wet. Do not try to grow them where water stands for any length of time.

There are two methods of planting. The most common is digging a hole for each bulb and placing the bulb in it, making sure that it is right end up and its base firmly on the bottom of the hole. The second way is to take out all the soil in the place to be planted, set the bulbs in position, then replace the soil, using care not to tip the bulbs over.

After you have covered the bulbs with soil spread some good fertilizer or complete plant food over the area planted. One pound of food to each twelve square feet is generally sufficient. If you have trouble with moles, mice or chipmunks, eating the bulbs, dust the surface of the bed with Naphthalene Flakes.

A 2-inch mulch of peat moss, straw, or coarse litter keeps the bulbs from the heaving caused by alternate thawing and freezing. Remove this mulch in the spring when the shoots show above the surface.

If you are going to use your bulbs another year, keep the old flowers picked off. If you dig your bulbs up each year, do it after the foliage has turned brown, dry the bulbs in the shade and store in a cool, dry place. Bulbs may be left right in the ground if you prefer. Just pull up the dry, dead foliage, and do your summer planting right over them. The foliage will dry and be ready to remove much more quickly if you will break it over with a light lawn roller, the back of a rake or by hand.

The late-flowering Tulips will often last for several years. The early kind sometimes two years.

NARCISSUS OR DAFFODILS: Plant these the same way you would Tulip bulbs, but earlier in the season if possible. Do not dig Narcissus bulbs up each year, leave them undisturbed in the ground for three or four years, then when the foliage has turned yellow three-quarters of the way from the top, dig, divide, or separate the bulbs and replant immediately.

HYACINTHS: These require about the same care as the Tulips and last about two years.

PLANTING TABLE FOR BULBS: The table at right above shows the number of bulbs required to fill a circular bed of the dimensions given. In planting begin at the outside row. Where bulbs are six inches apart, start three inches from edge of bed; where twelve inches apart, six inches from edge of bed.

It is customary among professionals in planting a bed to set the bulbs somewhat closer together in the two outer rows, giving more space between each bulb toward the center of the bed. A square bed will take about the same number of bulbs. For an oval bed, add length and breadth and divide by 2. For example, an oval bed 9 feet long by 7 feet wide will require the same number as a circular bed 8 feet in diameter.

FOR VERY EARLY FLOWERS

Sow the seed of these hardy annuals just before the ground freezes so that germination will not take place until spring.

Alyssum	Candytuft	Dianthus
Antirrhinum (Snapdragon)	Centaurea (Cornflower)	Larkspur
Calendula	Clarkia	Portulaca
California Poppy	Cosmos	Sweet Peas

Pot up bulbs for winter bloom. Lift a few plants of Parsley for a sunny spot in the kitchen window.

Now is the time to divide your plants and replant the perennial border. September is the best month for planting and moving Peonies. Plant them shallow. Set the tubers only two inches deep; that is to say, let only two inches of earth cover them. Feed them well with bone meal and avoid manure.

Stop the feeding and cultivation of Roses in early September and let them rest so they become thoroughly hardened.

At this time of the year, do not let a single weed go to seed. Don't let the weeds even form seed pods, because many of these will ripen and shell out if they are cut when green; even though the plot is burned over later, it will be too late to prevent their sowing trouble for next year.

As hardy Lilies often are not available until late October or November, it may be necessary to keep the soil where they are to go from freezing with a heavy mulching of manure.

A number of vegetables have been recommended for fall sowing. Put them in just before you have reason to expect things to freeze up for the winter so that they will not sprout this fall. Any of the following should prove worth a trial: Radishes, Lettuce, Spinach, Carrots, Smooth Peas, Turnips and Cabbage.

HOW TO GROW HYACINTHS IN WATER

Before placing the bulbs in the Hyacinth glass, the hard, corky root base of the bulb must be cut away cleanly. Fill the glasses with clean water until it touches the base of the bulb. The glasses are then put in a cool, dark closet or basement. Best temperature is 50 degrees.

When tops have 4 inches of growth, take the glasses to a window in a warm room and add water if necessary. Never change the water completely. If the air in the room is very dry, it may help to moisten the flower buds once a day with cotton dipped in cool water.

DIAMETER OF BED	No. of Bulbs Planted 6 in. apart	No. of Bulbs Planted 12 in. apart	No. of Bulbs Planted 18 in. apart
3 ft.	28	7	...
4 ft.	48	12	6
5 ft.	80	20	8
6 ft.	112	28	13

Small flowering	4 in.	6 in.	Leucojum	3 in.
Crocus	3 in.	4 in.	Muscati	3 in.
Chionodoxa	3 in.	3 in.	Scilla	3 in.

POINTS TO REMEMBER

Positively do not plant bulbs in borders or beds which are badly drained. Perfect drainage is vital and the most important instruction we can give you. Our guarantee does not cover losses from this cause.

Never use any strong commercial fertilizer or fresh manure when planting bulbs.

When picking the flowers do not cut away any more foliage from your bulbous plants than is necessary. Leaves and foliage store up food for next year's blooming.

Do not let seed pods remain on the stems after flowers have faded—it weakens the bulbs.

Do not dig up bulbs before foliage shows signs of dying, changing to yellow or brown.

Never dry bulbs in the sun—always in the shade.

Do not grow Tulips year after year in the same place. Sooner or later they may be attacked with a fungous disease called "fire blight," which attacks both foliage and flowers. Either change the soil or the location; in other words, follow the principle of crop rotation.

Bulbs should not be stored in an air-tight container.

Wait until the ground is well frozen before applying mulch to those plants requiring winter protection. Alternate freezing and thawing and heaving of the soil is what causes winter injury.

Erect a couple of shelters or feeding stations for those birds that stay with us through the winter—destroying insect eggs and pupae. Place them where they are sheltered from the north winds and protect them from cats and other marauders by using wire screen or an inverted pan over the post on which they are mounted or a wire collar around the trunk of the tree.

If you have not been putting out bird seed and suet for the wild birds this past summer, start doing so at once. The fall and early winter birds are very interesting and easily attracted by a continued food and water supply.

There is a new gadget on the market—a plastic bulb holder that fits the top of most glasses, holding the base of the bulb near the water and helps make bulb growing in water very easy. We offer them at 15c each; 6 for 75c

Hyacinth Glasses are made especially to grow both Dutch and French Roman Hyacinth bulbs in during the winter. Come in blue, amber and crystal.

45c each; postpaid 55c

Canker worms or inch worms humping their way across tree foliage are a nuisance in spring. A band of Tanglefoot or some sticky substance around the trunk near the base of the tree will keep fall canker worms from crawling up the twigs where eggs are laid to hatch next spring.

Grow Your Own Mushrooms At Home With These Magic Mushroom Trays

Just put the Mushroom Trays down in your basement or in your fruit and vegetable storage cellar and water them.

perature stays between 52 and 65 degrees.

These prepared trays will supply your table with fresh mushrooms in 3 to 4 weeks from the time you start them growing and continue to produce for two to four months.

They make a most interesting hobby. All of the materials used in these Magic Mushroom Trays have been pasteurized so that it is impossible for any other type of growth to appear on the trays except edible mushrooms.

Orders for trays are filled starting October 1st and continuing until May 1st. We suggest that at least four trays be started at one time in order to have mushrooms in sufficient quantities for an average sized family. Customers have reported a bushel or more mushrooms from four trays.

Magic Mushroom Trays are produced by men with years of experience in the growing of mushrooms for the wholesale market. The mushroom beds in these trays are prepared in the same way as those which are used for commercial mushroom production.

The cost of the trays can be reduced by getting friends to order with you so that you can take advantage of the low rate when getting ten or more trays at one time.

Complete instructions for growing mushrooms from these trays are sent with every shipment.

In 1948 we used the spore of white mushrooms in these trays. In 1949 we changed to the cream colored mushrooms. This year we are back to the white variety again as it proved much more satisfactory.

MUSHROOM TRAY PRICES

Shipped to you by express (not prepaid) from our grower in Ohio.

2 TRAYS FOR \$3.00

4 TRAYS FOR 5.00

10 TRAYS FOR 11.50

Inexpensive, easy to set up, no odor at all. Begin bearing in three to four weeks and continue to produce delicious mushrooms for two to four months.

Many people who like to grow plants, either in the garden or in the house, have been asking us how they could grow mushrooms in their basements during the fall and winter months. Until the introduction of the Magic Mushroom Trays this was a most difficult operation.

The preparation of the mushroom bed was an expensive, messy, and generally unpleasant task. The odor from the fresh barnyard manure, necessary in making the beds, made living in the house just about impossible.

These Magic Mushroom Trays have changed all of this. They are complete "mushroom beds" packed in easily handled shallow, wooden flats, all ready to bear a crop as soon as they are placed in a suitable temperature, and given water. Mushrooms can easily be grown in any basement, fruit or storage cellar, where the tem-

Unless you have a suitable place in which to grow these mushrooms, a place where the temperature stays between 52 and 65 degrees—and unless you are willing and able to give them the care necessary for their successful growth, we urge you not to try them, because we certainly don't want you to be disappointed with any seed, bulbs, plants or any kind of merchandise you get at Hart & Vick's.

In about three weeks the Trays produce their first crop and continue to yield for four or five months.

HART & VICK'S SEED STORE

Tel. Hamilton 7250

47-55 Stone St., Rochester, N. Y. "The Flower City"

Make a Strawberry Bed This Fall and Enjoy the Delicious Fruit Next Spring

FAIRFAX. The berries are large and firm with a most delicious flavor. The color is deep red at the picking stage, and gets quite dark as they get older. For growers who prefer a dark-colored berry of high quality, we recommend Fairfax. Flowers are perfect.

25 plants for \$1.25; 50 for \$2.00; 100 for \$3.25;
250 for \$6.50, postpaid to you.

PREMIER. Most popular and best early Strawberry and probably the most reliable and productive variety ever introduced. The fruit is large, firm, well shaped, deep bright red all over. The quality is very high, flavor delicious. Plants are strong, healthy and very prolific, bearing early and over a long period. The blossoms are perfect.

25 plants for \$1.25; 50 for \$2.00; 100 for \$3.25;
250 for \$6.50, postpaid to you.

SPARKLE. This new midseason berry with its tremendous crop of bright, glossy red fruit is probably the best freezing kind ever introduced. It has just about everything that goes toward the making of a perfect Strawberry. Bright color right to the stem; top quality; firmness; wonderful flavor; good size; strong growing plant; hardy; resistant to disease and very high yielder. A great berry both for the home and market garden.

25 plants for \$1.25; 50 for \$2.00; 100 for \$3.25;
250 for \$6.50

STREAMLINER. New Giant Size Everbearer for Quick Freezing. This Strawberry has everything: size, shape, color, quality. Begins bearing in July and continues to give you uniformly large fruit until hard freezing weather. Tops for shortcake, canning and freezing for it requires a minimum of sugar. The ideal everbearer for garden. Plants set out this spring will bear fruit this first summer and fall.

25 plants for \$1.50; 50 for \$2.50; 100 for \$4.00;
250 for \$8.75, postpaid to you.

WE GUARANTEE We guarantee our
Strawberry plants
to reach you in good condition and to start growing, pro-
viding you plant them correctly and take care of them.
We will replace any that do not start to grow if you
notify us within 14 days after you receive the plants. We
deliver free of charge. Complete planting directions for
the care of plants are sent with every order.

HART & VICK, Seedmen

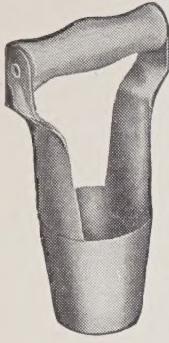

STONE AND ELY STS.

ROCHESTER 4,

NEW YORK

HOLE-IN-ONE PLANTER

A handy tool that makes setting out bulbs and plants easier. Push the tool into the soil, remove with a slight twisting motion and the soil comes with it, leaving a clean, flat-bottomed hole. 75c each; postpaid, 85c.

FEATHERLITE TROWEL

One-piece aluminum, light weight, amazing strength. Won't rust.

75c each; postpaid 85c

HORTICULTURAL PEAT MOSS

Binds Sand Together—Breaks Up Clay

A splendid winter protecting mulch for Roses, shrubs, plants, trees and lawns. Use at rate of 1 bale to 600 sq. ft., when making a new lawn or renewing an old one. The best top-dressing to add humus to the soil. Holds the moisture and keeps the lawn green all summer. Splendid material for storing bulbs in. Large bale \$5.25; junior bale \$3.25; handy bale \$1.95.

Wild Bird Winter Seed Feeders

Put them up, outdoors, early. Wild birds like company. Place the feeders near some windows in your home.

No. 104 WILD BIRD SEED FEEDER

Of rustic hemlock and southern cypress. Glass front permits clear vision of the food supply. Hinged roof. Height 11 inches.

Price: \$3.50; postpaid \$3.75

No. 101 WILD BIRD CAKE RACK

Attractive in appearance and attractive to the birds. Will bring many species. Height 10 inches.

Price: \$1.45; postpaid \$1.65. Complete with cake \$1.85; postpaid \$2.00.

WILD BIRD CAKE

A complete food in cake form; pure suet, seeds, grains, berries, that birds like. 45c each; postpaid 55c; 6 for \$2.50, postpaid \$2.75.

CHICKADEE DINER

Just hang it anywhere. Then enjoy the gay, friendly company of Chickadees, Nuthatches, Woodpeckers and other clinging birds. The Chickadee Diner is simply but strongly made. 16 in. long. Will last for years. Convenient paper-cupped Tid Bit refills, irresistible to birds, always available. Complete, filled with Tid Bits, \$1.35; postpaid \$1.50.

TID BIT REFILLS

Assorted Seed Suet and Pressed Peanut Suet
For Chickadee Diner and Festive Board.
Box of 24 assorted \$1.25;
postpaid, \$1.40.

WILD BIRD SEED

A careful mixture of 10 kinds of seed that wild birds like. Feed these birds both winter and summer. Enjoy seeing them and listening to their songs.

Price: 2 lbs. 40c; postpaid 50c. 5 lbs. 98c; postpaid \$1.15. 10 lbs. \$1.35; postpaid \$1.65.

Fertilizers and Plant Foods

If you wish us to prepay carrying charge, add 5c per pound.

Adco. The addition of Adco to the compost pile, or to other vegetable refuse, grass clippings, leaves, etc., at the rate of two pounds to each wheelbarrow-load of refuse, will produce a clean, odorless manure within three or four months. 5-lb. bag \$1.10; 20 lbs. \$2.15

Bone Meal. For sweetening the soil in the garden or lawn it is unequalled. Helps grow grass in shady places. A splendid fertilizer to use in the fall of the year. Use 10 lbs. to each 100 sq. ft. 5 lbs. 65c; 10 lbs. 95c; 25 lbs. \$2.00; 50 lbs. \$3.55; 100 lbs. \$6.75

Bovung. Dehydrated liquid cow manure. For feeding your bulbs and plants with liquid fertilizer it tops all other kinds. Will absolutely not burn the plants or the grass. No live weed seeds, sterilization has taken care of this. Use on lawns, gardens, bulb plantings, at the rate 10 lbs. per 100 sq. ft. 5 lbs. 45c; 10 lbs. 75c; 25 lbs. \$1.25; 50-lb. bag \$2.35; 5 50-lb. bags at \$2.25 per bag

Vigoro, The Complete Plant Food. Spread it on the surface of the soil after your bulbs are planted, 6 lbs. per 100 sq. ft. Spread on newly made lawns after the grass has made an inch growth. 4 lbs. to each 100 sq. ft., and water immediately. 5 lbs. 50c; 10 lbs. 90c; 25 lbs. \$1.60; 50 lbs. \$2.65; 100 lbs. \$4.25

AFRICAN VIOLET GROWERS' SUPPLIES

Rubber Bulb Sprayer. Waters plants the easy and best way. Heavy ribbed red rubber, pint size, two rose nozzles. Prepaid to you for \$1.25.

Potting Soil. Specially prepared for the growing of African Violets. Quart 20c; 4 qts. 60c; 8 qts. \$1.00. If you want this sent to you add 20c for 1 qt. and 6c for each additional quart.

Wik-Fed Pots. Attractive 4-inch plastic flower pots, complete with water reservoir and glass wick for automatic watering. Colors: yellow, green, cream. Prepaid to you for \$1.25 each; \$6.85 for 6. \$12.50 for 12.

Glaswick. For root-watering plants, seeds and bulbs in pots and flats. 30c per foot prepaid to you.

Charcoal. Put in the bottom of pots and bowls, helps keep the soil and water sweet. 2 ozs. 15c, prepaid to you.

Hyponex. The best food for Violets. 1 oz. 10c; 3 ozs. 25c; lb. \$1.00; 10 lbs. \$8.00.

TERRA-LITE for Starting Plants, Seeds and Bulbs

The most talked-of product in gardening in years! Composed of countless tiny air cells, Terra-Lite Vermiculite holds and releases air and moisture in just the right quantities. Not a fertilizer, but a superior growing medium—good for all these jobs:

Starting Seeds. Quicker, bigger development, easy to transplant.

Lightening Soil. Breaks up heavy clay, aerates soil.

An Ideal Mulch. Protects plants winter or summer.

Transplanting. Promotes healthy growth for all plants.

Rooting Cuttings. Sure-fire medium for strong fast rooting.

Storing Bulbs. Stops storage rot. Keeps bulbs firm and plump.

Price: 4 qts. 35c; 16-qt. bag 75c, postpaid. Bags of 2 cu. ft. \$1.85, not prepaid.

Dirt-Proof, Washable GARDEN GLOVES

ALL LEATHER and DURABLE yet SOFT AS KID and EASY TO WEAR

—for Men and Women

Ezy Wear gives you everything you've been wanting in a garden glove:

All-leather protection from dirt, scratches, stains, infection—yet permit almost BAREHAND FREEDOM. Their amazing softness and pliability is the result of a special processing of select lamb skins. Economical, too—outwear 6 pairs of ordinary fabric gloves, are washable and can be used the year round for gardening, housework, yard, painting, furnace, garage, etc.

Sizes for WOMEN (small, medium, large)—for MEN (small, medium, large).

Price: \$1.25 per pair, postpaid

THIS FALL IS A GOOD TIME TO MAKE A LAWN

Warm days and cool dewy nights and an abundance of rain give the grass seed a splendid chance to germinate freely and the young plants to make a sturdy root system not bothered by a crop of weeds growing and crowding at the same time.

HIGHLAND PARK GRASS SEED

A careful blending of outstanding re-cleaned turf-making grasses including Bent grass. It will make a thick, deep-rooted, velvety evergreen sod that will hold the moisture and remain fresh and green during the dry season in summer. It has proved its quality not only on the smaller lawn of the city and suburban home, but has been and is being used with splendid results in many of the city parks, cemeteries, and large estates. The name "Highland Park" is a symbol of quality. Sow at rate of 1 pound to each 250 square feet of new lawn, reseeding 500 square feet of old lawn. $\frac{1}{2}$ lb. 75c; lb. \$1.45; 3 lbs. \$4.25; 5 lbs. \$7.00; 10 lbs. \$13.75; 25 lbs. \$33.75; 50 lbs. \$66.25.

If you wish Clover in your lawn, ask for "Highland Park with Clover," when ordering your grass seed. Same quality. Same price.

BUDGETLAWN BLEND

Many of our younger customers have asked us to make up a Lawn Grass Seed Mixture that not only will fit their budget but will also give them a good looking lawn in the shortest possible time. This Budgetlawn Mixture does both. It is a well balanced blend of Kentucky Blue Grass, Old's Strain of Creeping Red Fescue and White Dutch Clover, all hardy perennials that keep coming up year after year, and Domestic Rye Grass, an annual grass whose fault is the broadness of its leaf and its virtues the quickness it shows green after seed sowing and its low cost that makes the reasonable price of this mixture possible. The rye grass is killed the first winter, its broad blades do not appear the next spring. The sowing of one pound of Kentucky Blue Grass the following spring to every 1000 sq. ft. will fill in where the rye grass has died out and make a most satisfactory lawn. For new lawns, sow this mixture at the rate of 1 lb. to 250 sq. ft. Reseeding old lawns—half that amount. $\frac{1}{2}$ lb. 45c; lb. 85c; 3 lbs. \$2.50; 5 lbs. \$4.00; 10 lbs. \$7.95; 25 lbs. \$19.15; 50 lbs. \$37.45.

STADIUM MIXTURE

Makes a Turf That Will Stand the Wear and Tear of an Unusual Amount of Traffic

Stadium Mixture was used in building the athletic field of the University of Rochester and the results have been very satisfactory. This mixture is made to give the thick, springy turf so necessary to the well being of the athletes. It was also used in the Red Wing Baseball Park in Rochester, where the seed was sown in April and played on by the middle of May. This mixture is a combination of grasses that are not only fine-leaved, but very deep rooting and are varieties that will stand the wear and tear usually given to athletic fields and parks. Sow one pound to 250 square feet; half this amount when reseeding. Lb. \$1.35; 3 lbs. \$3.95; 5 lbs. \$6.50; 10 lbs. \$12.75; 25 lbs. \$31.25; 50 lbs. \$61.25. Delivered transportation paid.

SHADY NOOK LAWN MIXTURE

On many lawns there are unsightly bare spots under trees and between adjoining houses where it is impossible to get the ordinary lawn grass to grow. Our mixture for shade is made up of short-growing, fine-leaved, shade-loving grasses that will give you an evergreen sod in the most densely shaded spots. Sow at rate of 1 pound to each 200 square feet of new lawn; reseeding 350 square feet of old lawn. $\frac{1}{2}$ lb. 75c; lb. \$1.45; 3 lbs. \$4.25; 5 lbs. \$7.00; 10 lbs. \$13.75; 25 lbs. \$33.75; 50 lbs. \$66.25.

COUNTRY CLUB BENT FORMULA

Makes a Lawn Like a "Putting Green"

To meet the demand for a superior grass seed mixture, we have combined in this formula the seeds of grasses that not only produce the finest leaf blades, but varieties that creep, mat together and make a soft, luxuriant, evergreen turf the entire season. When preparing the soil for this Grass Seed Mixture, do so thoroughly. Spade deeply, working into the soil a good plant food and enough peat moss to make the soil friable and so it will retain moisture. Feed Bent Grass lawns twice a year with a fertilizer that will keep the soil slightly acid. Water regularly. Keep the grass cut short and rolled. Top dress twice a year. Sow 1 lb. to 250 sq. ft. A Bent lawn is very lovely, but it must have careful attention to keep it so. 1 lb. \$1.75; 3 lbs. \$5.15; 5 lbs. \$8.50; 10 lbs. \$16.75; 25 lbs. \$41.25. Delivered transportation paid.

TERRACE GRASS MIXTURE

Banks and terraces need deep-rooting, very hardy grasses to hold them in place. In this special mixture we have combined varieties that will quickly form a thick, matted sod that will keep the bank from washing in heavy rains, and remain fresh and green all season. We recommend sowing grass seed for terraces at the rate of 1 pound to each 200 square feet. 1 lb. \$1.35; 3 lbs. \$3.95; 5 lbs. \$6.50; 10 lbs. \$12.75; 25 lbs. \$31.25; 50 lbs. \$61.25. Delivered transportation paid.

WHITE DUTCH CLOVER

The well known, low growing, white-blossoming Clover so widely used on lawns. Not entirely hardy in exposed situations in severe climates. Winter-kills some in lawns here in New York State. Oz. 20c; $\frac{1}{4}$ lb. 55c; $\frac{1}{2}$ lb. \$1.00; lb. \$1.85; 5 lbs. \$9.00; 10 lbs. \$17.50.
